INTRODUCTION

The Department of Natural Resources preserves, protects and enhances Missouri's natural, cultural and energy resources and works to inspire their enjoyment and responsible use for present and future generations. Our staff works to ensure that Missourians have clean air to breathe, clean water for drinking and recreation, and land that sustains a diversity of life.

We take seriously our responsibility of stewardship to protect and enhance the environment in which we work and live. We consider all aspects of the environment when making decisions. To do this, we value integrity above all, openness to all individuals and points of view, diversity in people and approach, excellence in all we do and service.

Several offices enable the department to carry out its responsibilities: the Division of Environmental Quality; the Division of State Parks; the Division of Geology and Land Survey and the Administrative Support Office. In addition, the State Environmental Improvement and Energy Resources Authority, the Petroleum Storage Tank Insurance Fund and the Missouri Lewis and Clark Bicentennial Commission are administratively attached to the department through the Office of the Director.

This directory provides detailed information on many of the boards, commissions, councils and committees that are assigned to the Missouri Department of Natural Resources. Members of these boards, commissions, councils and committees volunteer their time and expertise to help make Missouri a healthier, safer place to live.

Detailed Boards, Commissions, Councils and Committees

Air Conservation Commission	2
Clean Water Commission	4
Dam and Reservoir Safety Council	6
Environmental Improvement and Energy Resources Authority (EIERA)	8
Hazardous Waste Management Commission	10
Land Reclamation Commission	12
Land Survey Advisory Committee	14
Missouri Advisory Council On Historic Preservation	15
Missouri State Park Advisory Board	17
Missouri Trails Advisory Board	19
Petroleum Storage Tank Insurance Fund Board of Trustees	21
Safe Drinking Water Commission	23
Small Business Compliance Advisory Committee	25
Soil and Water Districts Commission	27
Solid Waste Advisory Board	29
State Oil and Gas Council	34
Unmarked Human Burial Consultation Committee	36
Well Installation Board	37

Brief Overview of Additional Boards, Commissions, Councils and Committees

Interstate Mining Compact Commission; Minority Environmental Literacy Advisory Committee; Missouri Lewis and Clark Bicentennial Commission; Propane Education and Research Council (MoPERC); State Inter-Agency Council for Outdoor Recreation; State Water Plan Inter-Agency Task Force; Thomas Hart Benton Homestead Memorial Commission; Weatherization Policy Advisory Council	39

AIR CONSERVATION COMMISSION

The Air Conservation Commission, established by Statute 643.040, consists of seven members, all of whom are appointed by the governor and confirmed by the Missouri Senate. All members must be representative of the general interest of the public and have an interest in and knowledge of air conservation and the effects and control of air contaminants.

At least three members must represent agricultural, industrial and labor interests, respectively. No two members shall be residents of or domiciled in the same senatorial district. Each member is appointed for a four-year term and until a successor is selected and qualified. No more than four members may be from the same political party.

The Air Conservation Commission has several responsibilities:

- Prepare and develop a general comprehensive plan for the prevention, abatement and control of air pollution;
- Encourage political subdivisions to handle air pollution problems within their respective jurisdictions to the extent possible and practical, and provide assistance to political subdivisions;
- Encourage voluntary cooperation by persons or affected groups;
- Encourage and conduct studies, investigations and research;
- Collect and disseminate information and conduct education and training programs;
- Advise, consult and cooperate with other agencies of the state political subdivisions, industries, other states and the federal government, and with interested individuals or groups; and
- Represent the State of Missouri in all matters pertaining to interstate air pollution including the negotiations of interstate compacts or agreements.

The Department of Natural Resources' staff contact for this commission is Jim Kavanaugh, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-4817. The staff assistant for this commission is David Gilmore, PO Box 176, Jefferson City, MO 65102-0176; (573) 751-4817.

By statute, the commission is required to meet nine times a year. At least half of these meetings are held in Jefferson City. The commission holds the other meetings in various communities throughout Missouri in order to provide more citizens access to the commission. Items that are included on the commission meeting agenda are issues or actions relating to air quality, such as: Rule actions; (proposed rulemakings and orders of rulemaking recommended for adoption); Enforcement actions (requests for referral to the attorney general's office); and Permit actions (appeals and variance requests).

Written comments are accepted for seven days after the public hearing. In addition, the regulatory agenda that is posted on the department's Web site includes the public comment period.

Missouri Air Conservation Commission

Mike Foresman, P.E.
chair
Kirkwood

Foresman represents industry on the commission. He currently is working for URS Inc., having retired in 2001 from Solutia Inc. Foresman began with Monsanto as an environmental engineer. He has been a member of the commission since appointment in 1989 and has served nine terms as chairman and vice-chairman. A registered professional engineer, he has received engineering degrees from the University of Missouri-Rolla and Washington University in St. Louis.

Mark Fohey
vice-chair
Hannibal

Fohey represents labor on the commission. He has been a member of Plumbers and Pipefitters Local Union No. 562 since 1981. During this time, he has worked on building and renovation projects. His field experience enables him to perform or supervise virtually any task associated with the installation, repair or retrofit of mechanical and plumbing systems. He is currently employed with the union as a business representative. Mr. Fohey graduated from Quincy Technical School.

Jack Baker
Butler

Baker represents agriculture on the commission. A cattle farmer who resides in Butler, Baker has been inducted into the Missouri Angus Breeder Futurity Hall of fame. He also is a former president of the Missouri Angus and Missouri Beef associations.

Mark Garnett
West Plains

Garnett represents the general public on the commission. He is the vice-president and general manager of Garnett Wood Products in West Plains. Garnett received a B.S. from Southwest Missouri State University and is a former member of the Governor's Advisory Committee on Chip Mills.

Gary Pendergrass, P.E.
Springfield

Pendergrass represents the general public. He joined City Utilities of Springfield as environmental manager after retirement from Syntex Corp., where he served as president of agribusiness technologies. He has managed large environmental projects, including the Times Beach/Eastern Missouri Dioxin Cleanup. He is a registered professional engineer and registered geologist, and holds degrees from Missouri State University and the University of Missouri-Rolla. Pendergrass has served on several state and local environmental boards and task forces.

Richard Rocha, P.E.
Kansas City

Rocha represents the general public. He has been employed as a principal environmental engineer with Bayer Crop Science in Kansas City since 1997. Rocha serves as chairman of the Environmental Council for the Missouri Chamber of Commerce and Industry, and is on the board of directors. He is a member of the Environmental Committee for the Greater Kansas City Chamber of Commerce and holds degrees from Pennsylvania State University and the University of Kansas.

Kevin Rosenbohm
Graham

Rosenbohm represents the general public and is the president of Graham Seed Inc. He has served on the Agricultural Advisory Board for Sen. Bond and U.S. Rep. Graves. Rosenbohm received a degree in Farm Operations from Northwest Missouri State University.

CLEAN WATER COMMISSION

The Clean Water Commission, established by statute 644.021, consists of seven members, all of which are appointed by the governor and confirmed by the Missouri Senate. All members must be representative of the general interest of the public and have an interest in and knowledge of conservation and the effects and control of water contaminants. Each member is appointed for a four-year term and until a successor is selected and qualified. No more than four members may be from the same political party.

According to statute, two members, but no more than two, shall be knowledgeable concerning the needs of agriculture, industry or mining and interested in protecting these needs. One such member shall be knowledgeable concerning the needs of publicly owned wastewater treatment works. Four members represent the general public.

The Clean Water Commission is responsible for developing Missouri's water quality standards; developing Missouri's list of impaired waters, 303(d) list; issuing permits that limit the discharge of pollutants into the state's water; taking enforcement actions against those who violate the Missouri Clean Water Law; and implementing regulations. This commission also issues Letters of Approval to small animal production facilities, and certifies operators of municipal wastewater facilities and the largest Concentrated Animal Feeding Operation waste management systems.

The Clean Water Commission oversees financial assistance designed to help protect and preserve water quality. This commission also develops the Nonpoint Source Management Plan, which outlines Missouri's approach to addressing nonpoint problems. Finally, the commission maintains a 303(e) Continuing Planning Process that brings together and coordinates all aspects of water pollution control in an effort to assure the state maintains progress toward protecting and preserving water quality.

The Clean Water Commission meets monthly or semi-monthly throughout the state. The Department of Natural Resources' staff contacts for this commission are Ed Galbraith and Kevin Mohammadi, PO Box 176, Jefferson City, MO 65102-0176; (573) 751-6721. The staff assistant is Malinda Overhoff. Comments may be provided within the 30-day comment period or during the public comment portion of the meeting. To request that an item be included on the commission's meeting agenda, contact the staff assistant.

Clean Water Commission

Kristin M. Perry
vice-chair
Bowling Green

Perry represents agriculture. She is a graduate of the University of Missouri-Columbia with a Juris Doctorate degree. She is an attorney and the executive director of Agricultural Leadership of Tomorrow (ALOT).

William A. Easley
Cassville

Easley represents the general public. He is a graduate of the University of Missouri-Columbia with a B.S./B.A. Easley is retired from the banking industry.

Ron Hardecke
Owensville

Hardecke represents agriculture. He is a graduate of the University of Missouri-Columbia, receiving his degree in Animal Science. Hardecke is a self-employed farmer.

Ben Parnell
Springfield

Ben A. Parnell, III (Todd) attended Drury University where he received his B.A. He received his M.B.A. from the Tuck School of Business, Dartmouth College and is currently a graduate history student at Missouri State University. Parnell has 35 years experience in the banking industry and is currently serving as the interim president of Drury University. Since relocating to Springfield in 1997, he has served with several boards and advisory groups in southwest Missouri.

Frank L. Shorney, P.E.
Lee's Summit

Shorney is a retired civil engineer and manager of farm properties in Kansas. He was born in Belleville, Kan. Shorney previously served as associate vice president and manager of water supply consulting at Burns & McDonnell Engineering Company, Kansas City, Missouri where he worked for 37 years. Shorney is a registered professional engineer in Missouri and Kansas. He holds a B.S. in civil engineering from Kansas State University and an M.S. in environmental health engineering from the University of Kansas.

Jan C. Tupper, P.E.
Joplin

Tupper was born in Denison, Tex. He attended the University of Oklahoma where he received his B.S. Tupper served in the U.S. Marine Corps and Marine Corps Reserve for nine years. Tupper has 36 years of experience as a licensed professional engineer in Missouri, Oklahoma, Kansas and New Mexico and as a professional geologist in Missouri, Kansas and Arkansas. He retired in 2000 as president of Allgeier, Martin and Associates.

DAM AND RESERVOIR SAFETY COUNCIL

The Missouri Dam and Reservoir Safety Council, established by statute 236.410, consists of seven members, all appointed by the governor and confirmed by the Missouri Senate. Two members of the council must be professional engineers in the state of Missouri, one of whom must represent the general public. In addition to the professional engineer, one other member must represent the general public as well. One member must be an engineering geologist; two members must be from industry (one must be an earthmoving contractor); and one member must be the owner of a dam and reservoir. Each member is appointed to a two-year term. No more than four members may be from the same political party.

The Missouri Dam and Reservoir Safety Council is responsible for adopting and amending technological guidelines, standard guidelines, rules and regulations applicable to permits and the design, construction, maintenance, operation, alteration, repair, enlargement, reduction, removal or natural physical changes that may occur to a regulated dam or reservoir.

The Department of Natural Resources' staff contact for this council is James Alexander, P.O. Box 250, Rolla, MO, 65401, (573) 368-2177. The staff assistant for this council is Tammy Wilson, P.O. Box 250, Rolla, MO, 65401, (573) 368-2175. The Missouri Dam and Reservoir Safety Council meets quarterly at the Department of Natural Resources' Division of Geology and Land Survey office in Rolla. To submit an item for inclusion on the commission's meeting agenda, contact the staff assistant at least two business days prior to the meeting. The public may comment at the council's meetings.

Dam and Reservoir Safety Council

Mr. Richard Frueh, P.E.
chair
St. Louis

Frueh currently holds the professional engineer position representing the general public on the council. He graduated from the University of Missouri-Rolla with a degree in Civil Engineering. He currently is employed with the engineering firm of Shannon and Wilson in St. Louis as an executive vice-president.

Jeffrey Cawlfeld, Ph.D.
vice-chair
Rolla

Cawlfeld currently holds the engineering geologist position on the council. He graduated from the University of California at Berkley with a degree in Civil Engineering. Cawlfeld is the associate chair of the Department of Geological Sciences and

Gerald Engemann
Hermann

Engemann holds the industry/earth-moving contractor position on the council. He graduated from St. George High School in Hermann. He currently owns and manages Hermann Sand and Gravel Co. in Hermann.

Ron Fox
Bonne Terre

Fox was born and raised in Knox County, Ind. After high school, he joined the U.S. Air Force and served eight years. Upon completion of his last tour of duty, he returned to Central Missouri State and completed his B.S. and M.S. in Biology with an emphasis in water pollution biology. Fox has a 35-year career in public service. He has taught and was a Kansas state representative. After retirement, he served as interim director of the Topeka Waste Water Department and Topeka Zoological Park.

Macon

Hamilton was born and raised in Putnam County. After graduation from the University of Missouri-Rolla, with a B.S. in Civil Engineering, he spent six years in the municipal engineering field and 26 years as a consulting engineer serving local government in north Missouri. He has been involved with a wide range of projects from land application of waste water to county bridges.

David Hamilton
Viburnum

Hites was born in St. Louis and raised in Jefferson County. He received a B.S. Degree in Civil Engineering from the University of Missouri-Rolla. He is employed by The Doe Run Company and presently holds the position of mill superintendent.

Thomas F. Myers

Gene Hites

Lake Lotawana

Myers was born in Denver, Colo. He attended Southwest High School in Kansas City, Mo. Myers earned a Bachelor's in History from the University of Oklahoma. He earned his teacher's certificate, Masters and Educational Specialist degrees from the University of Missouri-Kansas City. Myers taught and was a high school assistant principal in Kansas City, Missouri for 32 years, retiring in 1995. He currently is an alderman for the City of Lake Lotawana.

ENVIRONMENTAL IMPROVEMENT AND ENERGY RESOURCES AUTHORITY (EIERA)

The Environmental Improvement and Energy Resources Authority (EIERA), established by statutes 260.005 to 260.125, consists of five members, all of which are appointed by the governor and approved by the Missouri Senate. Members must be Missouri residents. They are appointed to three-year terms. No more than three members may be of the same party.

The Environmental Improvement and Energy Resources Authority has a broad range of responsibilities, which includes financing projects through tax-exempt bonds, conducting studies and providing technical assistance in the field. The authority is not a regulatory agency. It operates on a request-only basis and has taken a one-time \$225,000 appropriation in 1972 and leveraged it into nearly \$5 billion in infrastructure and pollution control financing and more than \$4 million in financial assistance to projects, research, technical assistance and education. The agency operates on the fees it receives for project financings.

The Department of Natural Resources' staff contact for the authority is Tom Welch, P.O. Box 744, Jefferson City, MO, 65102, (573) 751-4919. The Environmental Improvement and Energy Resources Authority meets quarterly. The board chair must approve all items for inclusion on the meeting agenda. A public comment period is available during each meeting.

Environmental Improvement and Energy Resources Authority

Jerome J. Govero

vice-chair

Festus

Govero is a developer and engineer for Govero Land Services in Festus. He also was a management consultant for Bloomsdale Excavating and worked as an engineer for Armour Agriculture Company. Govero earned a B.S. in Mechanical Engineering from the University of Missouri-Rolla. He is a member of the Festus Board of Appeals and the Building Officials and Code Administrators.

Deron Cherry

secretary-treasurer

Kansas City

A Kansas City businessman and former NFL star, Cherry is managing general partner of United Beverage Company. He graduated from Rutgers University with a B.S. in Biology. Cherry has been a spokesman and fund raiser for several organizations, including the National Autism Association, Special Olympics, March of Dimes and MDA. He is the founder of Score 1 for Health, a program that provides health screenings for over 12,000 children in the K.C. metro area.

Ryan Doyle

Lee's Summit

Doyle works as safety engineer at ATK at the Lake City Army Ammunition Plant in Independence. Prior to moving to the Kansas City metropolitan area, he was the Environmental and Safety Engineer for the Sedalia Plant of Pittsburgh-Coming. Doyle received a B.S. in Chemical Engineering at the University of Kansas. During college, Doyle interned at Black & Veatch of Kansas City. After graduation, he served as a field engineer and district radiation officer for Schlumberger Oil Field Services in Abilene, Tex.

Darwin Hindman

Columbia

Hindman is serving his fourth term as mayor of Columbia, and practices law there. Hindman is president of the Missouri Rails to Trails Foundation and is a former member of the Missouri Economic Development Finance Board and the Missouri State Parks Advisory Board. He earned his B.S. and law degrees from the University of Missouri-Columbia and served two tours of active duty as an Air Force pilot. Honors include the Dr. Martin Luther King, Jr., Memorial Association Award and Citizen of the Year from the Columbia Chamber of Commerce.

Robert C. Kramer

St. Louis

Kramer is a retired businessman and a lifelong St. Louis resident. His experience is in business, finance and management consulting.

HAZARDOUS WASTE MANAGEMENT COMMISSION

The Hazardous Waste Management Commission, established by statute 260.365, consists of seven members. All members are appointed by the governor and confirmed by the Missouri Senate. They must be representative of the general interest of the public and have an interest in and knowledge of waste management and the effects and control of improper waste management. Each member is appointed for a four-year term and until a successor is selected and qualified. No more than four members may be from the same political party.

The Hazardous Waste Management Commission encourages efforts to treat, recycle, detoxify, incinerate or otherwise treat hazardous waste to be disposed of in the State of Missouri. The commission also is responsible for categorizing hazardous waste by taking into account toxicity, persistence and degradability in nature, potential for accumulation in tissue, and other related factors such as flammability, corrosiveness and other hazardous characteristics. The commission also categorizes wastes by disposal method including, but not limited to, treatment facilities, incinerators, landfills, landfarms, storage facilities, surface impoundments, recycling, reuse and reduction.

The commission determines fees to be paid to the department by owners or operators of hazardous waste facilities who have obtained, or are required to obtain, a hazardous waste facility permit. The commission also is responsible for developing standards, rules and regulations to implement, enforce and carry out the provisions of sections 260.350 to 260.430 and any required of this state by any federal hazardous waste management act and as the commission may deem necessary, to provide for the safe management of hazardous waste to protect the health of humans and the environment.

Finally, the commission is responsible for adopting and updating a state hazardous waste management plan to provide for the safe and effective management of hazardous wastes within this state. This plan must be updated every five years.

The Department of Natural Resources' staff contact for this commission is Bob Geller, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-2747. The staff assistant for this commission is Debra Dobson, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-2747. The Hazardous Waste Management Commission meets six times per year in Jefferson City. To submit an item to be included on the meeting agenda, contact the staff assistant at least three weeks prior to the meeting date. A public comment period is available during each meeting.

Hazardous Waste Commission

Timothy Warren
chair
Wildwood

Warren represents the general public on the commission. He is a graduate of Illinois State University with a degree in Earth Sciences. Warren works as regional manager of a rechargeable battery recycling corporation.

Norella Huggins
vice-chair
Kirkwood

Huggins represents the general public on the commission. She is a graduate of Washington University School of Law and is a retired environmental attorney.

Jamie Frakes, Ph.D.
Portageville

Frakes earned a B.A. from Arkansas State University; an M.S. from Southeast Missouri State University and a Doctorate of Education from the University of Memphis. He presently serves on the Legislative Affairs Committee for the Association of Small Business Development Centers and Small-Medium Enterprises Board for the Financial Services Volunteer Corporation.

Patrick Gleason
Webster Groves

Gleason represents the waste generating industry on the commission. He is a graduate of St. Louis University with a degrees in Geography and Chemistry. He works in the metal finishing field and specializes in electroplating.

Ben Kessler
St. Louis

Kessler represents the general public on the commission. He is a metal Recycler and processor, and is vice-president of Cash's Scrap Metal Company and Ferrous/Non-Ferrous Marketing.

Susan Williamson
Columbia

Willaimson represents industry on the commission. She is a graduate of Southeast Community College in Keokuk, Iowa with a degree in Nursing. She is a self employed farmer with her husband and PRN at Boone Clinic Pediatrics in Columbia.

LAND RECLAMATION COMMISSION

The Land Reclamation Commission, established by statute 444.520, consists of seven members, four of which must be appointed by the governor and confirmed by the Missouri Senate. All members must be Missouri residents. The commission includes the state geologist, the director of the Missouri Department of Conservation, the director of staff for the Clean Water Commission and four other individuals selected from the general public. The four members selected from the general public must demonstrate an interest in and knowledge of conservation and land reclamation. In addition, one of these members must have training and experience in surface mining, but not more than one can have a direct connection with the mining industry. Each member is appointed for a four-year term and until a successor is selected and qualified. No more than two of the governor-appointed members may be from the same political party.

The Land Reclamation Commission has several responsibilities. The commission may:

- Adopt and promulgate rules and regulations;
- Examine and pass on all applications, plans and specifications submitted by the operator for the method of operation and for the reclamation and conservation of the area of land affected; and conduct investigations and inspections that are necessary to ensure compliance;
- Conduct hearings and after hearings, order the revocation of any permit and cease and desist operations for failure to comply with any of the provisions of law or to adopt such corrective measures as are necessary to comply with the law;
- Order forfeiture of any bond for failure to comply with any provisions of law or any corrective or other order of the commission; and
- Study and develop plans for the reclamation of lands that have been strip mined prior to Sept. 28, 1971.

The Department of Natural Resources' staff contact for this commission is Larry Coen, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-4041. The staff assistant for this commission is Tina Stockman, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-4041. The Land Reclamation Commission meets six times per year. To submit an item for inclusion on the commission's meeting agenda, contact the staff assistant about 20 days prior to the commission's scheduled meeting. The public may comment during the commission's public meetings.

Land Reclamation Commission

Jim DiPardo
chair
St. James

DiPardo is an industry member of the commission. He received a B.S. in Parks and Recreation from the University of Missouri-Columbia and is the owner and operator of Rosati Sandstone.

Gregory Haddock, Ph.D.
vice-chair
Maryville

Haddock is a public member of the commission. He earned his Ph.D. in Geography from the University of Idaho. Haddock is an associate professor in the Department of Geology/Geography at Northwest Missouri State University in Maryville.

Ed Galbraith
Holts Summit

Galbraith represents the Clean Water Commission on the Land Reclamation Commission. He holds a B.S. in Agriculture from the University of Missouri-Columbia and is staff director of the Department of Natural Resources' Water Protection Program.

Mimi Garstang
Rolla

Garstang is the state geologist/statutory member of the commission. She graduated from Missouri State University with a degree in Comprehensive Geology. She has served as Missouri's State Geologist through the Department of Natural Resources since 2000. Garstang's past experience is in environmental geology, hydrogeology and abandoned mined lands.

John D. Hoskins
Jefferson City

Hoskins is the director of the Missouri Department of Conservation (MDC). He has served as Conservation Agent, Regional Protection Supervisor, Chief of General Services, and Protection Division Administrator. He graduated magna cum laude from Southeast Missouri State University in 1975 with a B.S. in Education with biology major. Hoskins completed his M.B.A. degree at the University of Missouri-Columbia, achieving membership in Pi Alpha Alpha National Honor Society.

Nick Matherly
Cabool

Matherly represents industry on the commission. He graduated from Cabool High School and served three years in the United States Navy's Submarine Service. He formerly was the owner and operator of Matherly Concrete LLC for forty years. Matherly has since retired to farming, cattle raising and hot rod car restoration.

John Riffle
Pleasant Hill

Riffle is a public member of the commission. He served 33 years in the United States Air Force. He operates the John Riffle Angus Farm, which was recognized by the University of Missouri as a Missouri Century Farm.

LAND SURVEY ADVISORY COMMITTEE

The Land Survey Advisory Committee, established by 60.620 RSMo, consists of five members; three are professional land surveyors (one county surveyor); one from the real estate or title industry; and one public member. Members are appointed to three-year terms.

This committee is responsible for providing the director of the Department of Natural Resources with advice and counsel for the department's Land Survey Program.

The staff contact for this committee is J. Michael Flowers PLS, state land surveyor, Land Survey Program, P.O. Box 250, Rolla, MO, 65402, (573) 368-2300. The staff assistant for this committee is Sharon Hankins, P.O. Box 250, Rolla, MO, 65402, (573) 368-2300. This committee meets twice annually or as determined by the committee chair. To submit an item for inclusion on the agenda, contact Flowers or the committee chair. Meetings also include an opportunity for public comment.

Land Survey Advisory Committee

Cara L. Detring
Farmington

Detring represents the land title industry on the committee. She is president of the Preferred Land Title Company. Detring is a member of the Missouri Land Title Association and the American Land Title Association, having served as president of both organizations. She is a licensed attorney who specializes in real estate law and attended University of Missouri-Columbia for undergraduate, graduate studies, and law school. She presently serves on five other professional boards.

Paul Dopuch, PLS
Hermann

Dopuch is the county surveyor representative on the Committee. He is a professional land surveyor with 37 years of surveying experience. Dopuch currently serves as the Gasconade County Surveyor, working out of Hermann. He is the founder of the Missouri Team Penning Association Scholarship Fund and the sponsor of the Paul and Linda Dopuch Linn State Technical College Scholarship Fund.

Stan L. Emerick, PLS
Chesterfield

Emerick represents the land survey profession on the committee. He is a professional land surveyor and survey historian. He is a graduate of Southern Illinois University at Carbondale. Emerick serves as the survey coordinator for the Farnsworth Group in St. Louis.

Darrell L. King
California

King represents the general public on the committee and is the Moniteau County Assessor. He is a former president of the Missouri Association of Counties and currently is chairman of the Mid-Missouri Regional Planning Economic Development Committee.

Ray L. Riggs, PLS
West Plains

Riggs represents the land survey profession on the committee. He is a professional land surveyor, the Douglas County Surveyor and is a project manager with Riggs and Associates Inc. of West Plains. Riggs attended the University of Wyoming and University of Maine.

MISSOURI ADVISORY COUNCIL ON HISTORIC PRESERVATION

The Missouri Advisory Council on Historic Preservation, established by Executive Order 86-17 and 16 U.S.C. 470, includes 12 governor-appointed members. Seven of these members must be professionals including at least one historian, one architectural historian, one architect, one prehistoric archaeologist, one historic archaeologist and one economic/community development professional; five must be public members. Members are appointed to four-year terms.

This council has several responsibilities:

- Reviewing and approving each national register nomination prior to submission to the national register;
- Reviewing each completed state historic preservation plan as developed by the State Historic Preservation Officer prior to its submission to the secretary of the United States Department of the Interior; and
- Providing general advice, guidance and professional recommendations to the state historic preservation officer.

The staff contact for this council is Tiffany Patterson, P.O. Box 176, Jefferson City, MO, 65102, (573) 751-7800. The staff assistant for this council is Cathy Sala, P.O. Box 176, Jefferson City, MO, 65102, (573) 751-7860. Meetings are held quarterly. Contact the department's State Historic Preservation Office at least 45 days prior to the next meeting for inclusion on the agenda. For properties located in a Certified Local Government (CLG), an advance contact of at least 75 days is required. A 30-day comment period is provided for all nominations to the National Register of Historic Places, as required by federal law; an opportunity for public comment is provided at all meetings.

Missouri Advisory Council on Historic Preservation

Gregory Allen
chair
Kansas City

Allen is President of Allen Financial Corporation since its' founding in 1981. He received his A.B., History/American Civilization from Princeton University, Princeton, New Jersey. Allen is also a graduate of the New York University School of Law, J.D., New York, New York. Mr. Allen currently is a member of the American, Missouri and Kansas City bar associations.

Robert Wiegers, Ph.D.
vice-chair
Fayette

Wiegers, a historian, is a Professor of History at Central Methodist University, Fayette, since 1989. He received his B.A. in History from Westminster College, Fulton; his M.A. in Education from Boston University, Mass.; and his M.A. and Ph.D. in Anthropology from the University of Missouri-Columbia.

Patrick Bustos
Kansas City

Bustos is employed with the U.S. Environmental Protection Agency as Director of the Office of External Programs. He has been working at the EPA since 1991. He received his B.A., Political Science from the University of Wyoming-Laramie and his M.P.A. from the University of Colorado-Boulder.

Antonio Holland, Ph.D.
Columbia

Holland, a historian, is a Professor of History and Head of the Social and Behavioral Sciences Department at Lincoln University, Jefferson City, Mo. He received his B.A., History and M.A., History from Northeastern University, Boston, Massachusetts and his Ph.D in History from the University of Missouri-Columbia.

Keven Kaveney
St. Louis

Kaveney is employed with Northwestern Mutual Life Insurance Company as a Financial Representative since 2001. He received his B.S., History, Minor States Military Academy, West Point, N.Y. Kaveney has held numerous positions with the Colorado Army National Guard and remains active in various organizations. He is currently working on his Masters in Business Administration through Regis University, Denver, Colo.

Allen Shirley
Joplin

Thomas Kuypers
St. Charles

Kuypers was a Manager at Boeing in the Systems Engineering section in the F/A-18 Program for several years before his retirement in 2004. He received his M.B.A. from the University of Mississippi; B.S. from the University of Wyoming and holds the (retired) rank of Lieutenant Colonel attending the U.S. Army Command and General Staff College.

Bonnie Stepenoff, Ph.D.
Cape Girardeau

Dr. Stepenoff, a historian, is a Professor of History at Southeast Missouri State University, Cape Girardeau. She has been employed at Southeast Missouri State since 1993. She received her B.A., Social Science from the Ohio State University, Columbus, Ohio and M.A., History, M.L.S., Library Science and Ph.D., American History from the University of Missouri-Columbia.

Mary Margaret (Mimi) Stirtz
Clayton

Stirtz is an independent historic preservation consultant since 1987. She held the position of Director of Research for the Landmarks Association of St. Louis from 1978 to 1987, as well as Instructor of History of Art and Architecture from 1974 to 1980 at both Washington University and Maryville University, St. Louis. Ms. Stirtz received her M.A. and B.A., Art History from Washington University, St. Louis, Missouri, as well as a degree in English Literature from Northwestern University, Evanston, Ill..

Andrew Trivers
St. Louis

Trivers, an architect, founded Trivers and Associates in 1975. He is a registered architect in Missouri, Illinois, Kentucky, Ohio, Virginia, Pennsylvania, Alabama, Tennessee, Louisiana and New Jersey. Trivers received his B.A., Architecture from Tulane University, New Orleans, Louisiana and his M.A., Architecture and Urban Design from Washington University, St. Louis, Mo.

MISSOURI STATE PARK ADVISORY BOARD

The Missouri State Park Advisory Board, established by Executive Order 86-26 amended to 98-15, consists of nine members, all of which are appointed by the governor. All members must be representative of the general interest of the public and have an interest in and knowledge of the Missouri state park system. The Missouri State Park Advisory Board and the director of the Missouri Department of Natural Resources' Division of State Parks work to ensure that the Missouri state park system is appropriately administered so that its mission may be achieved for the benefit of the people of Missouri. The State Park Board is advisory only. Members are appointed to three-year terms.

The Department of Natural Resources' staff contact for this board is Doug Eiken, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-9392. The staff assistant for this board is Ellen Davenport, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-9392. The Missouri State Park Advisory Board meets four times at various locations throughout the state. To submit an item for inclusion on the board's meeting agenda, contact the staff assistant three weeks prior to the scheduled meeting. Public notices are posted for all the board meetings, and legislators within respective districts are invited to attend.

Missouri State Park Advisory Board

Laurance Russell
chair
Springfield

Russell is retired. His career involved following legislative law and accounting, encompassing a day-to-day updating of legislative law and government affairs. He is a part-time farmer and raises cattle, sheep, goats and hogs. He has been involved with the Boy Scouts as an Explorer Post Adult Leader. Russell served overseas in the U.S. Air Force. He has been involved with the Alzheimer's Association and has volunteered with food pantries for eight years.

Elizabeth Buckrucker
vice-chair
Holt

Buckrucker works for the U.S. Army Corps of Engineers in Kansas City. She is a senior project manager with experience in hazardous waste investigation, design and remediation. She also has won awards from the U.S. EPA for commendable service and civilian service. She graduated from the University of Kansas-Lawrence with an M.S. and received a B.S. in Engineering from the University of Missouri-Rolla.

A. Duane Addleman, Ph.D.
Springfield

Addleman was born in Bates County and raised in Cass County, Missouri. He attended the University of Missouri-Columbia where he received his Bachelor's and Masters degrees. He received a Ph.D. from Oregon State University. Addleman has 40 years of experience as an Allied Health Professions Administrator. He moved to Springfield in 1985 and served as an administrator and professor at Missouri State University until his retirement in 2006.

Anne O'Connell Albrecht
St. Louis

Albrecht has worked as a writer for Barnes Hospital public relations, as assistant director of marketing for Liguori Publications and Blue Cross of Missouri as a public relations assistant. Currently, she volunteers for the March of Dimes, Aim High, the University of Missouri, the St. Louis Sports Commission, Forest Park Forever and St. Louis Children's Hospital. Albrecht earned a B.S. in Journalism from the University of Missouri-Columbia.

Jerry Hollingsworth
St. Peters

Hollingsworth is a principal with St. Charles Insurance. He received an A.A. from Cochise Junior College in Douglas, Ariz. and a B.A. from Parsons College in Fairfield, Iowa. Hollingsworth is a member of the St. Peter's Board of Alderman and is on the Board of Directors for Citizens National Bank, the St. Charles Co. Boys and Girls Club, is vice-president of Missourians who Kare for Injured and Disabled Students and has served many other civic and charitable organizations as well.

Dr. Wayne Morton
Osceola

Dr. Morton has practiced as a family practitioner since 1975 and received his medical degree from the University of Nebraska. He has served as president of the medical staff for several of those years. Dr. Morton has been very active in restoring savannas and glades. He has also been involved with the North American Prairie Conference. Dr. Morton owns and manages nearly 3,000 acres of land. He currently is working with the Department of Conservation to help improve prairie chicken habitat as well as help improve plant biodiversity.

Max Nall
St. Louis

Nall has over 30 years of experience in the design and construction industry. He has been involved with a variety of corporate, institutional, and commercial clients, including projects for the Latter-Day Saints Temple, Lambert Airport, University of Missouri System, RREEF, Washington University, Duke Realty, BJC, Federal Reserve Bank, Missouri Athletic Club, Delta Dental, Six Flags, and Westport Plaza. He is dedicated to the continued redevelopment of downtown St. Louis.

MISSOURI TRAILS ADVISORY BOARD

The Missouri Trails Advisory Board, established by 23 U.S. Code 206, consists of eight members. Members of this board represent various types of motorized and non-motorized recreational trail uses in Missouri, such as hiking, bicycling, all-terrain vehicle, off-road motorcycling and equestrian.

This board is responsible for representing both motorized and non-motorized trail users in Missouri; it meets as a board at least once per fiscal year and provides guidance to the department in developing grant selection criteria, reviewing grant applications, and making grant funding recommendations to the department.

The staff contact for this board is Bonnie Higdon, P.O. Box 176, Jefferson City, MO, 65102, (573) 751-3442. This board meets at least once per fiscal year in Jefferson City. Items for inclusion on the agenda should be submitted to the staff assistant at least 24 hours prior to the meeting. An opportunity for public comment is available at all meetings.

Missouri Trails Advisory Board

Richard Ash
St. Charles

Representing general trail users on the board, Ash received his B.S. in Mining Engineering, Univ. of Missouri-Rolla. He served as the director of the City of St. Charles Parks and Recreation Department for 25 years and is a long-standing member of several national and state park and recreation organizations. He also has served on numerous task forces and committees on parks and recreation throughout his career.

Tanya Clatterbuck
Ashland

Representing equestrian trail users, Clatterbuck has a B.S. in Business Administration, from Columbia College. She works in the insurance field and has over 20 years of experience in business management. She also serves on the planning committee for the Missouri Trail Summit, an annual statewide trail conference in Missouri.

Jeff Huff
West Plains

Huff represents road bicycling interests on the board. He is a board member of both the Missouri Bicycle Federation and Missouri Bicycle Foundation. Huff is past president of West Plains Regional Bicycle Club. He is an assistant professor of 3D computer graphics at Missouri State University-West Plains. Huff earned a degree in technical drafting, at Linn Tech in Linn, a Bachelor's in industrial technology from Southwest Missouri State University in Springfield, and a Master's in administrative studies from Missouri State University (formerly Southwest Missouri State).

Charles R. McKenzie, Ph.D.
Rogersville

McKenzie received a B.S. and M.S. from Northwestern State University of Louisiana, as well as an Ed.D from North Texas State University. He was a professor emeritus at Missouri State University. McKenzie is a trail construction consultant and ATV Safety Instructor. He is the Missouri representative on the National Off-Highway Vehicle Conservation Council and a member of the Missouri Trail Summit Advisory Board and Missouri Trails Advisory Board. He was Founding President of the Ozark Trails ATV Club.

Dan Miller
Jefferson City

Miller represents mountain bicycle trail users. He received his B.S. in Business Administration from Central Missouri State University in Warrensburg and works in the retail home furnishings business. A mountain biker for 15 years, Miller has built and used trails for motorized and non-motorized vehicles for many years. He has more than 30 hours of formal training in trail design, building and maintenance (IMBA).

Mark Ohrenberg
Kansas City

Representing accessible trail users, Ohrenberg received his B.S. in Hotel and Restaurant Administration from Central Missouri State University in Warrensburg. He is the coordinator of the Missouri Access Recreation Project, which provides inclusive recreation training and technical assistance to recreation providers, educators, and parents. Ohrenberg has over seven years of experience in program coordination, training, and advocacy pertaining to issues of disability and accessibility.

Tom Prendergast, Ph.D.
St. Peters

Prendergast was born and lives in St. Louis. He attended Southeast Missouri University, completing his Bachelor's in Prendergast also earned an MAT degree from Webster University. An instructor in the Hazelwood School District from 1970 through 2000, he taught seventh- and eighth-grade math at Hazelwood Junior High. Prendergast is an instructor for the ATV Safety Institute and past president of the American Motorcycle Association (AMA) for Missouri and Illinois and served on the national rules committee. He works at Plaza Motor Co. in St. Louis County and is a member of the Missouri National Education Association, Missouri Dirt Riders and the Midwest Trail Riders Association.

Sara Scheper
Jackson

Scheper represents pedestrian trail users on the board. She received her B.S. in Elementary Education from Southeast Missouri State University in Cape Girardeau. Scheper works as an Education Specialist for the Missouri Department of Conservation. She has experience in grant writing, teaching and as a program director for the Girl Scouts.

PETROLEUM STORAGE TANK INSURANCE FUND BOARD OF TRUSTEES

The Petroleum Storage Tank Insurance Fund Board of Trustees, established by statute 319.129, consists of 11 members, all of whom are appointed by the governor and confirmed by the Missouri Senate. One member must represent the insurance industry; two represent unaffiliated citizens; one represents the banking industry; three represent petroleum storage tank owner/operators; one represents the industrial and commercial use of petroleum; one represents the Office of Administration; one represents the Department of Natural Resources; and one represents the Missouri Department of Agriculture. All members are appointed to four-year terms.

This commission is responsible for managing the Petroleum Storage Tank Insurance Fund; ensuring the money from the fund is effectively used to clean up the environment; ensuring fund participants receive timely, professional services; and ensuring the fund's resources are economically used in order to benefit the maximum number of Missourians. In no case shall the board have oversight regarding environmental cleanup standards for petroleum storage tanks.

SAFE DRINKING WATER COMMISSION

The Safe Drinking Water Commission, established by Sections 640.100 and 640.105, RSMo, consists of nine members, all of whom are appointed by the governor and confirmed by the Missouri Senate. They are appointed to four-year terms.

All members of the commission must represent the general interest of the public or of public water systems. Four members must be associated with the operation of public water systems. Of these four members, one must be associated with a water system serving a population of 75 or less; one must be associated with a water system serving a population greater than 75 but not more than 2,500; one must be associated with a water system serving a population greater than 2,500 and less than 100,000; and one must be associated with a water system serving a population of more than 100,000. Five members must represent the water-consuming public.

All members must have demonstrated an interest and knowledge about water quality, and, to the greatest extent possible, the various associations representing water suppliers of the size classes must be represented on the commission. All members must be qualified by interest, education, training or experience to provide, assess and evaluate scientific and technical information concerning drinking water, financial requirements and the effects of the creation of standards, rules and regulations.

The Safe Drinking Water Commission is responsible for creating rules and regulations necessary for the implementation, administration and enforcement of sections 640.100 to 640.140 of the Revised Statutes of Missouri. This commission also adopts the annual Drinking Water State Revolving Fund Intended Use Plan, and adopts annually the priority point criteria used for awarding drinking water loans.

The Department of Natural Resources' staff contact for this commission is Steve Sturgess, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-5331. The staff assistant is Cynthia Bowser. The commission meets four to six times per year, usually in Jefferson City. An opportunity for public comment is provided at every meeting. To add an item to the agenda, contact the staff assistant.

Safe Drinking Water Commission

Elizabeth Grove
chair
Stoutsville

Grove represents water systems serving 2,501 to 100,000 people. She is graduate of Quincy University with an M.B.A. degree. Grove is general manager of the Clarence Cannon Wholesale Water Commission.

Lanny Meng
vice-chair
Oregon

Meng represents the general public on the commission. He is a graduate of the University of Missouri with a degree in Agricultural Engineering and is employed as a farmer.

Susan E. Hazelwood
Columbia

Hazelwood represents the general public on the commission. She is a graduate of Missouri State University in Springfield with a degree in Life Sciences. Hazelwood is the associate director of Grant Writing and Publications in the Office of Research at the University of Missouri-Columbia.

Charli Jo Ledgerwood
Cassville

Ledgerwood represents the general public for cities with 76 to 2,500 population. She is a graduate of Cassville High School and is employed by Public Water Supply District No. 2 of Stone County.

Robert W. Mitchell
Archie

Mitchell was born in Independence and was raised in Lamon, Iowa through High School. In 1981, he attended Central Missouri State University in Warrensburg where he received a Bachelor's of Science in Industrial Security. Mitchell resides in Archie and has served as a city councilman as well as mayor. While in service to the City of Archie, he became involved in water treatment.

Randy Moore
Kirkwood

Moore represents the general public on the commission. He is a graduate of the University of Missouri-Rolla with a B.S. in Metallurgical Engineering and an M.S. in Engineering Management. Moore also graduated from the University of Missouri-St. Louis with an M.B.A. and is employed with Utility Service Company Inc.

Orville L. Schaefer
Perryville

Schaefer represents small public water systems that serve 25 to 75 people. He is a graduate of the University of Missouri-Rolla, with a degree in Electrical Engineering. Schaefer is self-employed as a service consultant, providing services as a certified operator for a number of very small public water systems.

John Witherspoon, Ph.D.
Springfield

Witherspoon represents large water systems that serve populations of more than 100,000. He has been a member since 1992 and chaired the group from 1995-2006. He is a graduate of Southwest Missouri State University, receiving his B.S. in 1969 and M.S. in 1971. Witherspoon received his Ph.D. from the University of Montana in 1975. He is head of Witherspoon Consulting in Springfield.

SMALL BUSINESS COMPLIANCE ADVISORY COMMITTEE

The Small Business Compliance Advisory Committee, established by statute 643.173, consists of seven members. Two members are appointed by the governor; one is appointed by the director of the Department of Natural Resources; and four small-business owners are appointed by the general assembly. Members are appointed to four-year terms.

The Small Business Compliance Advisory Committee has several responsibilities:

- It receives reports from the small business ombudsman;
- It evaluates the impact to small business of the Missouri Air Conservation Law and the rules created under this law;
- It reviews and assesses the impact of enforcement policies on small business operations in Missouri;
- It recommends to the department, the commission and the General Assembly, as appropriate, changes in procedure, in rules or in the law, that would facilitate small business compliance with air quality regulations;
- It recommends to the Air Conservation Commission rules establishing an expedited review of modifications for small businesses;
- It conducts hearings, determines facts and makes investigations consistent with the purposes of 643.173, RSMo.; and
- The Small Business Compliance Advisory Committee accepted responsibility for performing each of these functions for all of the environmental statutes and programs per a request by the director of the Department of Natural Resources in 2000.

The Department of Natural Resources' staff contact for this committee is Lucy Thompson, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 526-2414. The staff assistant for this board is Lisa Miller, P.O. Box 176, Jefferson City, MO 65102-0176, or call (573) 526-3420 at least two weeks in advance of the meeting for inclusion on the agenda. The committee meets every two to three months.

Small Business Compliance Advisory Committee

T. Robin Cole, III
chair
Cape Girardeau

Cole represents the public on the committee. He received a B.S. in electrical engineering from Christian Brothers University, and completed an MBA (exThesis) at the New York University Stern School of Business. He serves on the boards of Habitat for Humanity-Cape Area Inc. and the Cape Girardeau Public School Foundation. Cole has been a farmer and a Wall Street executive, and is owner and president of The Rite Group, a regional office technology provider.

Roger Archibald, C.P.A.
vice-chair
St. Albans

Archibald is a partner in S&P Ventures, LLC, which does business under the name of Reproxdigital, a commercial printing company located in Creve Coeur. He graduated from Eastern Illinois University with a Bachelor's in accounting and is certified as a public accountant. He is active in several community and civic organizations. He is a member of the board of directors of the Missouri Chamber of Commerce and is the chairman of the small business committee. He also serves as the treasurer and board member of the East Central College Foundation.

Pam Cain
California

Cain represents the Department of Natural Resources on the committee. She holds an A.A. as well as a B.A. from Columbia College-Jefferson City. She has served as the fiscal notes coordinator for the department since 1999.

Jack Lonsinger
Excelsior Springs

Lonsinger represents industry on the committee and is also its chair. He received his B.S. and M.S. degrees in Chemical Engineering from Kansas State University. Lonsinger worked for DuPont for eight years and Bayer for 27 years. He has served on numerous committees and associations, primarily dealing with environmental law and regulation. He owns and operates Liberty Carbon Service, a granular-activated carbon facility which reactivates and recycles spent carbon.

Douglas K. Weible
Maryland Heights

Weible represents small business owners and operators on the committee. He graduated from John Burroughs High School in 1988 and from the University of Missouri-Rolla in 1992 with a B.S. degree in Civil Engineering. He is the president and chief operating officer of Material Services at Fred Weber Inc. and is on the board of directors at the company. Weible has been active in a number of organizations, and previously served as vice-chair of this committee.

SOIL AND WATER DISTRICTS COMMISSION

The Soil and Water Districts Commission, established by section 278.080, consists of six members appointed by the governor and confirmed by the Missouri Senate, as well as four non-voting, ex officio members. All voting members must be farmers. Three voting members are to be from north of the Missouri River and three from south of the river. No two members may be from the same senatorial district. Each member serves a three-year term and until a successor is selected and qualified.

The state Soil and Water Districts Commission administers the state's soil and water conservation districts. This commission formulates policies and general programs designed to help these soil and water conservation districts save Missouri's soil and water, giving consideration to the districts' needs based on their character.

The Soil and Water Districts Commission receives and allocates or otherwise expends for the use or benefit of the districts any funds appropriated by the General Assembly for these districts, including a soil and water conservation cost-share program. It receives and properly conveys to the soil and water conservation districts any other form of aid extended to such districts by any other agency of this state. The commission also exercises other authority and performs other duties as statutorily assigned to it. It is the administrative agency representing Missouri in these and many other matters.

Most meetings are held in Jefferson City, but occasionally in other parts of the state as well. The Department of Natural Resources' staff contact for this commission is Bill Foster, P.O. Box 176, Jefferson City, MO, 65102, (573) 751-4932. The staff assistant for this board is Theresa Mueller, P.O. Box 176, Jefferson City, MO, 65102, (573) 751-4932. The Soil and Water Districts Commission meets seven to ten times per year, as needed. To submit an item for inclusion on the commission's meeting agenda, contact the staff assistant at least one week before the meeting. The public is welcome to comment on any agenda item or other issue during the commission's meetings. Written comments are accepted at any time.

Soil and Water Districts Commission

Elizabeth Brown
chair
Fayette

Brown represents section 1 residents north of the Missouri River on the commission. She graduated from the University of Missouri with a degree in Education. Brown is a former high school teacher and farmer.

Leon Kreisler
vice-chair
Salem

Kreisler represents section 3 residents south of the Missouri River on the commission. He is a graduate of University of Missouri-Rolla with a degree in Engineering and is employed as a farmer.

John Aylward
Memphis

Aylward represents section 3 residents north of the Missouri River on the commission. He is a graduate of Truman State University with a degree in Agriculture. Aylward is a farmer and works in the insurance business.

Kathryn Braden
Bradleyville

Braden represents section 2 residents south of the Missouri River on the commission. She is a graduate of Southwest Missouri State University with a degree in Agriculture and is employed as a farmer.

Richard Fordyce
Bethany

Fordyce represents section 2 residents north of the Missouri River on the commission. He is an Honorary Alumni Member of the University of Missouri and is employed as a farmer.

Baughn Merideth
Caruthersville

Merideth represents section 1 residents south of the Missouri River on the commission. He is a graduate of Southeast Missouri State University with a degree in Agriculture and a minor in Business. Merideth is a farmer and works in the insurance business.

SOLID WASTE ADVISORY BOARD

The Solid Waste Advisory Board, established by RSMo 260.345, currently consists of 23 members, but may have as many as 25. The board includes the chair of the executive board of each of the 20 solid waste management districts. Up to five additional members are appointed by the director of the Department of Natural Resources. Two of the additional members may represent the solid waste management industry and have an economic interest in or activity with any solid waste facility or operation, and at least one member is to represent a locally owned solid waste management business. The remaining two members are public members who have demonstrated interest in solid waste management issues.

The advisory board advises the department regarding:

- The efficacy of its technical assistance program;
- Solid waste management problems experienced by solid waste management districts;
- The effects of proposed rules and regulations upon solid waste management within the districts;
- Criteria to be used in awarding grants pursuant to Section 260.335 RSMo;
- Solid waste management issues pertinent to the districts;
- The development of improved methods of solid waste minimization, recycling and resource recovery; and
- Such other matters as the advisory board may determine.

The staff contact for this board is Jim Hull, director of the department's Solid Waste Management Program, and the staff assistant for this board is Kay Craig. They can be reached at P.O. Box 176, Jefferson City, MO, 65102, (573) 526-3900. This board meets monthly in Jefferson City. To include items on the agenda, submit them to the staff assistant. An opportunity for public comment is available at all meetings.

STATE OIL AND GAS COUNCIL

The State Oil and Gas Council, established by 259.010 RSMo, consists of seven members. The Council is composed of the director, or his or her appointee, of the Department of Natural Resources' Division of Geology and Land Survey, Division of Commerce and Industrial Development, Missouri Public Service Commission, Clean Water Commission and a petroleum engineer from the University of Missouri.

Two other persons knowledgeable about the oil and gas industry are appointed to the Council by the governor with the advice and consent of the Senate.

The State Oil and Gas Council fosters and promotes the orderly development and production of Missouri's oil and gas resources. The Council works to ensure that wastes generated by oil and gas wells are managed properly to minimize the impact on the environment. In addition, the Council implements regulations to protect groundwater aquifers that may be affected by oil and gas well drilling.

The council is charged with regulating oil and gas production in the State of Missouri by adopting and amending rules and regulations pursuant to Chapter 259, RSMo. The council requires that wells drilled for oil and gas be permitted prior to drilling, and properly plugged when no longer in use. The council also ensures that operations are conducted in a manner that will not contaminate waters of the state and that will minimize waste. The council also is charged with establishing the proper spacing of wells to optimize oil recovery and to protect the rights of adjacent landowners.

The staff contact for this council is Joe Gillman, Geological Survey Program Director, and the staff assistant for this council is Jane Williams. They can be reached at P.O. Box 250, Rolla, MO 65402 (573) 368-2143. The Oil and Gas Council meets one or more times per year with the majority of meetings being held in the Kansas City area. To request an item be included on the council's meeting agenda, contact the staff assistant at least 10 business days before the meeting. The public is welcome to attend meetings, make comments or ask questions.

State Oil and Gas Council

Dr. Shari Dunn-Norman, Ph.D.
chair
Rolla

Dunn-Norman is an associate professor of Petroleum Engineering at Missouri University of Science and Technology (formerly the University of Missouri-Rolla). She holds Bachelor's and Doctorates in Petroleum Engineering from the University of Tulsa and Heriot-Watt University in Edinburgh, Scotland. Dunn-Norman has been teaching at MST since 1990. She is the co-author and co-editor of the book *Petroleum Well Construction*, as well as numerous technical papers.

Ed Galbraith
Holts Summit

Galbraith holds a B.S. in Agriculture from the University of Missouri-Columbia and is staff director of the Department of Natural Resources' Water Protection Program.

William J. Luebbert
Jefferson City

Luebbert was born and raised in Jefferson City. He received a B. S. in Civil Engineering in and attended the Lincoln University business school. The major part of his career was with the natural gas division of Missouri Power and Light Co., Union Electric and Ameren Corp. He was the president of the Missouri Association of Natural Gas Operators for several years. Luebbert was appointed to the Missouri Oil and Gas Council by Gov. John Ashcroft. He has served as an officer and director of numerous civic organizations.

Mimi Garstang
Rolla

Garstang is the state geologist/statutory member of the commission. She graduated from Missouri State University with a degree in Comprehensive Geology. She has served as Missouri's State Geologist through the Department of Natural Resources since 2000. Garstang's past experience is in environmental geology, hydrogeology and abandoned mined lands.

Terry Maglich
Columbia

Maglich has Master's in Business Administration from Southern Illinois University. He has 22 years of experience in the private sector as a marketing manager with a four-year term at A. B. Chance Co. and 18 years at Toastmaster Inc. He currently is the project manager for north Missouri and is an adjunct instructor at William Woods University. Maglich is a board member for the Missouri Varsity Club.

Jeff Davis
Jefferson City

Davis served as chairman of the Missouri Public Service Commission. He chairs the Missouri Energy Task Force, is a member of the Homeland Security Advisory Council, the Missouri Universal Service Board, the Financial Research Institute Advisory Board, and the National Association of the Regulatory Utility Commissioners. Davis received a Bachelor's in Political Science from Southeast Missouri State University and his Juris Doctorate from Washington University. He is a member of the Missouri Bar Association.

UNMARKED HUMAN BURIAL CONSULTATION COMMITTEE

The Unmarked Human Burial Consultation Committee, established by statute 194.406 - 194.410, consists of seven members, six of which are appointed by the governor and approved by the Missouri Senate. Two of these members must be archaeologists or skeletal analysts; two must be Native Americans of tribes recognized by the federal government; one must be a non-Native American minority; and one must be a public member. The director of the Department of Natural Resources also serves on this committee. All members serve three years and until their successors are selected and qualified.

The Unmarked Human Burial Consultation Committee, in consultation with the state historic preservation officer, determines proper disposition of human remains; considers requests by professional archaeologists for extensions of research time; and considers requests for Carbon-14 or other methods of dating human remains.

The Department of Natural Resources' staff contact for this committee is Judith Deel, P.O. Box 176, Jefferson City, MO 65102 (573) 751-7862. The staff assistant for this committee is Cathy Sala, P.O. Box 176, Jefferson City, MO 65102, (573) 751-7860. The Unmarked Human Burial Consultation Committee is required to meet once a year in Jefferson City. In recent years the committee has held meetings several times a year, sometimes in locations throughout the state. To submit an item for inclusion on the commission's meeting agenda, contact the staff assistant at least 30 days prior to the meeting. The public may comment at the council's meetings or anytime by phone, letter or e-mail.

Unmarked Human Burial Consultation Committee

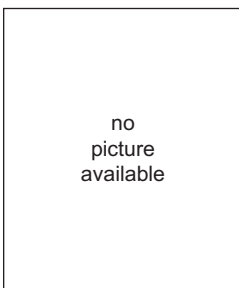

Doyle Childers
chair
Jefferson City

Childers is the director of the Missouri Department of Natural Resources. He attended the College of the Ozarks with graduate work at Southwest Missouri State University. Childers is a former chemistry, physics and biology teacher, farmer and businessman. He served four and one-half years in the United States Peace Corps in Central America. Childers served in the Missouri House of Representatives for 14 years and in the Missouri State Senate for eight years.

Richard Edging, Ph.D.
Columbia

Edging, a cultural resource manager, has been assigned to Fort Leonard Wood from the Center for Environmental Management of Military Lands since 2001. He has been at the fort for many years. He received a B.S. in Education from the University of Tennessee-Knoxville and A.M. and Ph.D. degrees in Anthropology from the University of Illinois-Urbana-Champaign.

Lenora Gaydusek
Belton

Gaydusek is employed with Great Plains Energy, Kansas City. She attended Penn Valley Community College in Kansas City and is certified in the secretarial field and Early Childhood Education. Gaydusek is a strong advocate for the Heart of American Indian Center and the Kansas City Indian Club in Kansas City. Gaydusek's father, Bob Blue, Sr., was founder of the latter.

Debra Foster Greene, Ph.D.
Jefferson City

Greene, a historian, has been a member of the faculty of Lincoln University since 1996. She received a B.A. in History from Alcorn State University in Mississippi and an M.A. and Ph.D. in American History from the University of Missouri-Columbia.

WELL INSTALLATION BOARD

The Well Installation Board, established by statute 256.605, consists of nine members, eight of which are appointed by the governor and confirmed by the Missouri Senate. Four members must hold valid permits, including two well installation contractors, one heat pump and well contractor, and one who holds a permit as a monitoring well contractor. Four must be public members, including one public water supply district user and one private well user. Finally, the director of the Missouri Department of Natural Resources or his designee serves on this board. Each member shall be a resident of the state and be conversant in well drilling, completion, and plugging methods and techniques. Members are appointed to four-year terms.

The Well Installation Board is responsible for adopting and amending rules and regulations that are reasonably necessary to govern the regulation of the well, heat pump, monitoring well and pump installation industry in the State of Missouri.

The Department of Natural Resources' staff contact for this board is Steve Sturgess, P.O. Box 176, Jefferson City, MO, 65102-0176, (573) 751-5331. The staff assistant for this board is Sheri Fry, P.O. Box 250, Rolla, MO, 65402, (573) 368-2115. The Well Installation Board meets quarterly at various locations throughout the state. To submit an item for inclusion on the commission's meeting agenda, contact the staff assistant at least two business days before the meeting.

Well Installation Board

Robert Lawrence
chair
Steele

He represents the water well industry on the board. Steele is a graduate of the Missouri School of Mines and Metallurgy in Rolla with a degree in Mechanical Engineering. He is employed by Ark-Mo Well Drilling.

Fred Schoen
vice-chair
Buffalo

Schoen represents the heat pump industry and works for Geo-Enterprises.

Harriet Beard
Kirkville

Beard graduated from Iowa State University in Ames with a B.S. in Textiles and Clothing. She taught at Mason City (Iowa) High School until she moved to Kirkville. Beard has served on several Missouri state boards and commissions including 15 years on the Air Conservation Commission and Total Transportation Commission. She is on the Missouri Parks Association Board and is president of Beard Homes Development Inc., in Kirkville.

Robert Broz
Columbia

Broz represents the general public on the board. He is a graduate of the University of Missouri-Columbia and has earned degrees in Extension Education and Animal Husbandry. He is employed by the University of Missouri Outreach and Extension Program.

Danny Flynn

Troy

Flynn represents the water well and pump industry on the board. He works for Flynn Drilling Company.

Mimi Garstang

Rolla

Garstang represents the Missouri Department of Natural Resources on the board. She is a graduate of Southwest Missouri State University with a degree in Geology. Garstang serves as the official state geologist and is the director of MoDNR's Division of Geology and Land Survey.

Martha Hildebrandt

Kansas City

Represents the monitoring well industry. Hildebrandt graduated from the University of Missouri-Rolla with a degree in Geology. She is employed by Burns and McDonnell.

Patricia Nichols

Webster Groves

Nichols represents the general public as a public water-supply user. She is a graduate of St. Louis University with a degree in Geology. She is employed by Shannon and Wilson.

Annetta St. Clair

Joplin

St. Clair represents the general public as a private-well user. She is a graduate of Pittsburg State University with degrees in Social Science, History and Political Science. She also attended Missouri Southern State College.

Brief Overview of Additional Boards, Commissions, Councils and Committees

INTERSTATE MINING COMPACT COMMISSION

The commission consists of 20 members including 17 member states and three associate member states. This commission studies mining operations and their effects on natural resources and involved regions and communities. It can make recommendations on mining within the compact including practices, efficiencies and economics. The committee also protects access to mineral resources by reviewing land-use plans that may potentially hinder future mining operations.

MINORITY ENVIRONMENTAL LITERACY ADVISORY COMMITTEE

This committee meets at least once a year to select students to receive scholarships from applications filed with the Department of Natural Resources' retention and recruitment program.

MISSOURI LEWIS AND CLARK BICENTENNIAL COMMISSION

The commission was authorized by Executive Order 98-06, which was signed by late Gov. Mel Carnahan in 1998. A new executive order (Executive Order 03-01) signed by Gov. Bob Holden in 2003 added three additional agencies to the commission. The commission has 20 members, including eight agency representatives and 12 members at large. The bipartisan members are designated by the executive order and serve a single term that expires at the conclusion of commemoration activities in fall 2006.

The Missouri Lewis and Clark Bicentennial Commission was created to coordinate activities to commemorate the 200th anniversary of the Lewis and Clark Expedition in 2003 through 2006. The commission is developing and coordinating effective means to promote public awareness of the historical significance of the expedition related to Missouri. In addition, the bicentennial commission is a catalyst for accomplishing Missouri's Lewis and Clark bicentennial capital improvement projects, programs and special events. The bicentennial projects and events are comprised of public, private and foundation projects.

The executive director of the commission also serves as liaison between the other 14 states participating in the Lewis and Clark bicentennial. The commission serves as a statewide umbrella for bringing together Missouri's communities, the National Park Service and other federal agencies as well as private groups planning projects and events. The commission reports to the governor in October of each year.

PROPANE EDUCATION AND RESEARCH COUNCIL (MoPERC)

This council is responsible for producing and providing the Energy Center with an annual budget that includes the probable costs of all programs, projects and contracts, and a recommended rate of assessment sufficient to cover such costs. It also develops programs and projects and enter into contracts or agreements for implementing the policy of sections 414.500-414.590. This council also coordinates activities with industry trade associations to provide an efficient delivery of services and avoid unnecessary duplication of activities.

STATE INTER-AGENCY COUNCIL FOR OUTDOOR RECREATION

This council is responsible for establishing application procedures for federal recreational grants, allocating the state's annual apportionment of these grants, reviewing and approving major revisions to sponsor's project scope, reviewing and approving the Statewide Comprehensive Outdoor Recreation Plan, and establishing major policies pertaining to the operation of the Land and Water Conservation Program in Missouri.

STATE WATER PLAN INTER-AGENCY TASK FORCE

The multi-agency task force is charged with responsibility for advising the Department of Natural Resources on a wide variety of water quantity and quality issues to help the state meet the aims and purposes of the Missouri Water Resources Law.

THOMAS HART BENTON HOMESTEAD MEMORIAL COMMISSION

This commission helped advise the department on the accurate restoration of Benton's home and the development of an interpretive program to enlighten visitors about his life and work, and its place in Missouri's cultural history. The group no longer meets regularly, but only in response to a call from the Department of Natural Resources for further advice concerning an aspect of the Benton Home site.

WEATHERIZATION POLICY ADVISORY COUNCIL

The Policy Advisory Council is responsible for advising the appropriate official or agency administering the allocation of financial assistance in the state with respect to the development and implementation of a weatherization assistance program.
